## How it works

- WE FIND YOUR OLD PLANS FOR YOU**  
Input your former employer name(s), and we'll instantly locate where your retirement plans are today.
- PICK A ROLLOVER IRA**  
Have an existing IRA? Tell us where. Need to open one? We'll help you pick an IRA that's just right for you.
- WE DO THE REST**  
We get in touch with your retirement plan provider to make sure your account is transferred quickly and correctly — and only loop you in when absolutely needed. That's it!

## Why Save with an IRA?

### EASY TO MANAGE

An IRA gives you a place to consolidate your retirement savings every time you change jobs.

### MORE INVESTMENT OPTIONS

Your company plan investment options are often limited by your employer, so you can unlock more choices with an IRA.

### SAVE WITH CONFIDENCE

Not knowing how your money is invested or what fees you're paying could cost you nearly \$700,000 in foregone savings over 30 years!
